Skills

Technical Skills

- **Programming Languages:** C#, JavaScript, HTML, CSS, SQL
- **Frameworks:** ASP.NET, Angular
- **Tools & Technologies:** Visual Studio, Git
- **Database Management:** Microsoft SQL Server
- **Web Development:** Responsive Design, RESTful APIs

Soft Skills

- **Communication:** Strong verbal and written communication skills
- **Teamwork:** Proven ability to collaborate effectively in diverse teams
- **Problem-Solving:** Excellent analytical and critical thinking abilities
- **Time Management:** Proficient in prioritizing tasks and meeting deadlines
- **Adaptability:** Quick learner, able to adjust to new technologies and methodologies

Projects

- **Personal Portfolio Website**

  https://ahmedabdelbaset902.github.io/Portfolio/

  Technologies Used, HTML, CSS, JavaScript, developed a personal portfolio website to showcase my professional skills, experiences, and completed projects. The website serves as an online platform to highlight my work in web development/design. It features a clean, user-friendly interface, emphasizing responsive design and performance optimization. Focused on providing an engaging user experience, ensuring the site is easy to navigate and visually appealing across different devices

- **Restaurant**

  https://ahmedabdelbaset902.github.io/Restaurant/

  Food Website Development Project Technologies Used: HTML, CSS, JavaScript, developed a fully responsive and visually appealing food website designed to showcase restaurant menus, special offers, and food-related content. The project included creating an intuitive user interface for easy navigation and optimizing the site for both desktop and mobile users. Integrated features such as online reservations, menu filtering, and contact forms. Focused on enhancing user experience by implementing SEO best practices, fast loading times, and ensuring cross-browser compatibility.

- **Animal Site**

  https://ahmedabdelbaset902.github.io/Animal_Site/

  Technologies Used: HTML, CSS, JavaScript Developed a fully responsive website focused on showcasing information about animals. The project involved creating a visually appealing and user-friendly interface to display various animal categories, detailed information about each species, and high-quality images. The site was optimized for both desktop and mobile users, ensuring fast loading times and smooth navigation. Key features included interactive galleries, search functionality, and informational pop-ups for each animal. Implemented SEO best practices and ensured cross-browser compatibility to enhance user engagement.

Education

Bachelor of Commerce in Business Information Systems (BIS)
Tanta University, Tanta, Egypt
Fourth-Year Student | GPA: 3.5/4.0

Personal Information

- **Date of Birth:** January 15, 2003
- **Languages:** Arabic (Native), English (very good)
- **Military Service Status:** Exempt
